Re: *BellSouth "Win Back" Tariff*  
Docket No. 00-00391

Dear Mr. Waddell:

In response to a question from Director Kyle regarding the settlement agreement in this docket, I intended to say that among customers with annual revenue within the bands set forth in the revised tariff that are served from the wire centers designated in the revised tariff, BellSouth has a market share of only about 50% to 70%. It has come to my attention, however, that I may have said that within these bands and wire centers, BellSouth has lost market share of about 50% to 70%. I intended to -- and should have -- made the former statement, and not the latter.

I wanted to call this to the TRA's attention as soon as it was called to my attention and apologize for any misstatement I made.

Very truly yours,

Patrick W. Turner
